

TITLE: FIS FY04 Progress and Accomplishments

AUTHOR: Tina Chang, NMFS Office of Science and Technology

PRESENTER: Tina Chang

OBJECTIVE: Highlight the FY04 FIS project progress and accomplishments

ABSTRACT:

Since last November, the FIS team had been working very hard together to keep the momentum going after the first national meeting. This presentation will summarize the over all progress, successes, and status of the project. It will also emphasis on national team work and commitment from everyone in the room and the ones who could not make to the meeting.
